

Critical Information Summary

Belong ADSL2+ Bundle

When you're signing up to something new, it's important to know what's what. Here's a summary of all the essential information about your plan.

INFORMATION ABOUT THE SERVICE

Your plan is a bundle which includes:

- a limited phone service
- an ADSL2+ broadband internet service

Your phone service and broadband service must be connected at the same physical address.

There is a limit of one Belong service per household.

What is my data allowance?

Your initial monthly data allowance is:

- Regular: **100GB**
- Large: **500 GB**

Any allowance that you haven't used will expire at the end of each month.

What happens if I exceed my allowance?

If you go over your data allowance in a month, your service will be slowed to 256kbs for the rest of that month, but we won't charge you any extra.

How long do I have to sign up for?

You can take up a Belong service month-by-month or for a 6 month fixed term.

If you choose the 6 month fixed term, you'll revert to month by month at the end of your term.

If you're on a 6 month fixed term and require your service to be moved to a different area, you'll need to restart your 6 month term.

If you're on a 6 month fixed term plan and your service isn't available in the area to which you would like it moved, your service will be cancelled and the ETC for that service will apply.

Can I change my plan at a later date?

If you're on a month to month plan, you can change to another month by month plan size once a month.

If you're on a 6 month fixed term plan, you can change to another 6 month fixed term plan size once per month

If you increase your plan size, you'll receive the extra data allowance straight away, and the monthly charge for your new plan will apply from the next month.

If you reduce your plan size, we'll move you to the new plan at the start of the next month, and the monthly charge and data allowance for your new plan will apply from the next month.
